

MIDLANDS NEWS

Editor Lion Jaap de Jonge
news@lions105m.org.uk

Blog: <http://midlandnews105m.wordpress.com>

May 2017

It was an incredibly busy April. Read below and you understand why. It doesn't even include our club's Charter.

Raise money for your club. Register your club using this [link](#) and tell your members, family, friends about it and every time they buy online (Amazon, ebay, booking.com etc.) through this site, a small percentage goes to the club.

If members want to advertise, for only £10, we can place small advertisements. All funds raised for the district charity account. Almost 1,000 lions will see your advert. An excellent place to advertise your company, holiday home, camper, old bike etc. Please contact us for details.

Last but not least, please send reports, news about forthcoming events, charter dates, newspaper clippings and anything else you think we should know about.

"Be a Hero "

The Enterprise Club will be taking part in the Coventry Walkathon again this year to raise funds to support their transport services

They will also be entering the Mascots Race, trying to beat a "Guinness World Record".

2018 is the Enterprise Club's 80th Anniversary year. They are planning a number of celebrations and fundraising events. They are using the hashtag 'Be a Hero' for that year so we intend to have two representatives dressed as

Superheroes on 14th May to publicise their anniversary.

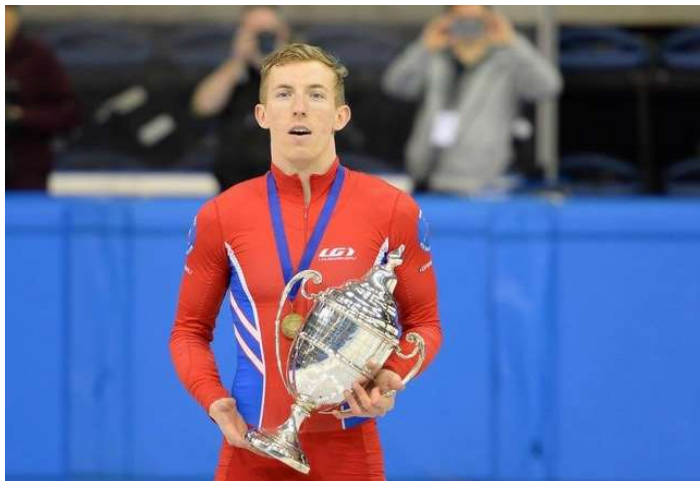

The charity provides social and leisure time activities for people with physical, sensory and learning disabilities in the age range 18- 90 +. The club is open 4 days and five evenings every week and offers a variety of activities: a Day Centre, Handicraft Group, Social Evenings, A twice weekly Sports Group, lunch and theatre excursions. The charity provides an accessible transport service to enable its disabled members to access the activities at the club premises and in the wider community. Sports Group members participate in sports events all over the country. The majority of their members would be unable to attend if transport was not available to them. The charity receives no statutory funding and has to raise the £90,00 required to keep the premises, vehicles and activities operating for one year. A year-long fund raising campaign is organised to include, Charity Bag Packs and Collections, raffles, a Christmas Bazaar, Summer Fair etc. We do have to accept that we would not reach our annual target without external support: grants, bequests and donations. We are taking part in the Walkathon again this year to raise funds to support our Transport Service. They are extremely grateful to Coventry Leofric Lions Club member Ken Brown who is one of our regular volunteer drivers. They are constantly appealing for new drivers, as we are always short

of volunteer. They also greatly appreciate the support received from Linda Ireland who has been assisting with our group for young adults for a number of years and also helps with their Charity Bag Packs. The charity is proud to be celebrating its 80th Anniversary during 2018, particularly as so many other groups have had to close or limit their activities due to lack of funds. Their members work very hard and enthusiastically support all of our fund raising events.

So please come and join us at this years Coventry Walkathon on the 14 May at the War Memorial Park.

Shirley Lions and their skater

For a number of years Shirley Lions have been helping aspiring Shirley speed skater Billy Simms by paying for his speed skates which have to be replaced at regular intervals. When we started this, Billy was just one of many youngsters with high aspirations but all his hard work and training has now paid off. Last weekend he became the British

Champion in the 1000m along with the 5000m Relay event. Alongside this, at the end of last year and start of this year he was able to break all of his personal best times over all of the individual distances he skated. The next step for him as we head into the Olympic season is to qualify for the Olympic team and represent the Country in the 2018 Winter Olympics in South Korea next February. We continue to wish him every success

Shirley Lions doing their bit for the environment with local schools

A couple of weeks ago and in conjunction with Solihull MBC and Haslucks Green Junior School we held a litter pick in Shirley Park. 60 school children divided up into groups of 5 or 6 and with each group supervised by a Lion did the actual litter picking. Today we again teamed up with this school for

some planting of "margin" plants around the edge of the pond at Palmers Rough in

Shirley. Because the trees in the Rough had formed a canopy over the pond the plant life on its margins had died. As the Council have now cut back the trees the time was right for some new plants. Again the school children divided up into small groups and each group supervised by a Lion planted an array of "margin" plants around the edge of the pond.

Birmingham Chinatown Charter

On

Saturday 8th April 2017 the Birmingham Chinatown Lions Club held its 30th Charter and Lions Centennial celebrations in Birmingham.

This was the biggest event held in the Club's history with 280 guests.

On the night £15,000 was donated equally between The Birmingham Chinese School, Birmingham Cultural & Language School and RSVP.

Charter Members Lion Jeff Yap and Lion Joe Lee were presented with 30 year chevrons by PGD Lion Ian Haffner.

Over £6,000 was raised on the night with more to come."

Rugby Rokeby Lions

Rugby Rokeby Lions have been sponsoring the Young Volunteer of the Year Award at the Rugby Yearly Sports award in memory of a past Lion, Lion Geoff Thompson, for the past 6 years. In the picture can be seen Lion President George King presenting the Lion's trophy to this year's winner. The event is organised by Rugby Borough Council to recognise those people in the community who give so freely of their time in encouraging others in all areas of sport.

Corby & District Lions help provide an Easter Party

Our photo shows Lion President, Colin Bradshaw, presenting a cheque for £160 to representatives of Maplefields Circle of Friends. A Lion's spokesperson said, 'We were approached via our Facebook page recently and we felt we had to help fund this Easter tea party. Few of us had heard of the group so we joined them at their recent fair and spent some time with the young people and their families.'

A spokesman for Maplefields Circle of Friends said, 'We are a 'not for profit' organisation that put on activities and seasonal events for children with additional needs/disabilities and their

families, eg in the summer holidays, parties at Easter and Christmas and at Halloween. Last Halloween we helped the Friends of Coronation Park put on a sensory walk in the grounds of Coronation Park and a few activities for the children. We hold a Summer funday each year but this year it isn't financially possible as we need to secure a permanent building for ourselves and decorate it in a de-sensitised way for the children we cater for.'

MCF started off as a spin off from the school but the more we did the more we realised there was a bigger need within the town and it grew from there. We help with a home education group and raise funds for Maplefields Academy to provide a play scheme and towards an annual residential trip. We also run a support group every Tuesday morning for parents, carers and people whose lives are touched by additional needs/disability.

Presidents Simon and Jaap Cycle home from Blackpool

We set off from Blackpool bang on time, being waved off by the MD Convention on Sunday 23/4 at 10:30 with Google maps saying we had an eight hour journey of around 75 miles to get to our hotel in Newcastle under Lyme. We made good progress to Preston and on to Chorley. Somehow though, despite following the route we now had a total of 90 miles instead of 75. Nevertheless, we must thank all the local councils, the Canal Trust and National Cycle routes for providing so many

excellent paths or cycle lanes and Google maps for finding them and, in the main, keeping us off the main roads.

Jaap's chain came off at least six times and at the 70 mile mark suffered a puncture which he was able to repair. We continued along the worst paths for the last part of the routes which slowed our progress and by 9 PM we had run out of day light and both of us now had front wheel punctures. Fortunately, we had found some civilization and were able to phone a local taxi firm who had a minibus that could accommodate our bikes and get us the last six miles to our hotel.

So in all we cycled 137km or 85 miles managed to get some food, 15 minutes before the kitchen closed! We had to fix two punctures in the morning before cycling the remaining 60 or so miles back to Birmingham.

On Monday 24/4 we started with breakfast then an hour repairing punctures. We set off just after 9 AM and soon got onto the canal towpath where Jaap's chain promptly came off. Pretty good progress until the towpath turned into a field for ten miles. At some point Jaap's back tire developed a puncture and we lost another half an hour to fix it.

At one point Google maps took us off the

canal onto country roads and then onto a dirt track and then through a wheat field and into the grounds of a country house before returning to the road and then the canal at Fradley where we stopped for lunch. The last 20 miles were tough going in parts with very little visible towpath. The path improved at Tamworth and stayed pretty good until we left the canal for the last three miles. It was around 6 PM when we reached the Welcome to Solihull sign.

Total distance 232km or 146 miles. Time 19 hours. 7500 calories burnt.

Lessons learnt

1. The idea of cycling from Blackpool to Birmingham seems more attractive than it actually is after three glasses of wine
2. Google maps is very good at finding a route for cycling but does not take account of the paths condition.
3. Thorns are sharp enough to go through Kevlar tyres.
4. Double check the distances for journey legs and allow an extra 33% time above what Google maps says
5. Cycling is fun
6. Old legs can get very tired

Thanks to all our supporters.

We have so far raised about £920 for hearing dogs for the deaf. You can still donate at <https://mydonate.bt.com/events/blackpoolbirmingham>

Toys for Balsall Common Library

We were very pleased to be able to help when Balsall Common Library approached us to provide some toys. These will be used in the regular weekly activities in Tales & Time to Play & Rhyme Time, where rather just read stories, nursery rhymes and sing songs the children can play with these and interact even more with each other. The picture shows Committee Service Chairman, Lion Steve Meakin with Senior Library Assistant Kelly Shrimpton. Kelly said the toys will make a big difference to the children.

The results of The Balsall Commons Lions Bulb Planting Team last December. We must have planted some upside down!!

I don't think we will be getting a call from the Chelsea Flower Show Committee this Year.

Richard's Riding for Prostate Cancer

We were pleased we could make a donation to local man Richard Murray who is cycling with 500 other Cyclists for PROSTATE CANCER from London to Amsterdam over 2 days starting on Friday 9th June. The first day will be cycling 83 miles to Harwich, the next 73 miles to Amsterdam.

Prostate cancer is the most common cancer in men. One in eight men will get prostate cancer, while the odds for black men are just one in four.

If you wish to support Richard you can do so via www.justgiving.com/Richard-Murray7

The picture shows Committee Service Chairman, Lion Steve Meakin with Richard.

We wish him and all the other Cyclists the Best of Luck.

Don't forget 20th May 'The Day to Remember' Balsall Common Lions Prostate Screening.

Coventry Mercia Lions Club Lion President attends 10 Downing Street

At the invitation of the Prime Minister, Coventry Mercia Lions President Ravinder Sandhu attended a reception at 10 Downing Street on Tuesday 18th April 2017.

Fifty dignitaries from all over the country enjoyed drinks and appetisers on the same day that Teresa May announced the General Election.

In attendance were representatives from the armed forces, ambassadors, captains of industry and community leaders.

After networking and having their official photographs taken, guests were provided a brief tour of the one hundred room Georgian building which included several elegant state rooms and a grand staircase adorned with portraits of previous Prime Ministers.

Later, the Home Secretary, Amber Rudd, joined the reception and chatted with guests before making an inspiring speech about leadership, community cohesion and charitable work.

The highlight of the afternoon was a short meeting with the Prime Minister

who took time out of her busy schedule to meet with those in attendance.

In Memoriam

Solihull Lions Club are sad to announce the passing away of **Lion Don Helliwell**. Don leaves behind wife Pat and children John and Karen who had cared for him during a long illness.

A very respected member of the club served as President in 1979/80 after joining in November 1972 during the early days of the formation of the club. He served in most official club capacities with distinction and acted as the Lions link officer with the City of Birmingham police force during the very successful Lions International Convention of 1998

IN THE PAPERS

Lions praise youngsters for setting a gold standard

THREE community-minded students at The Sixth Form College, Solihull have received awards from Shirley Lions for their voluntary work.

Fareed Mohammed, Lauren Hodges-Edwards and Mohsin Shabir each got Gold Awards for completing 100 hours of community service.

Fareed volunteered as a cricket coach to get his award, while Lauren worked in a charity shop and went on a volunteering trip to The Gambia with the College and Mohsin volunteered at his local mosque. All three students contributed to their local communities in a very positive way.

Jaap De Jonge, president of Shirley Lions, came into college with colleagues Jacqueline Culliford and Karen Barker from the Youth Committee to present the awards to the students.

Shirley Lions Club, which formed in 1977, is part of Lions Club International, which is the largest service club organisation in the world, with 1.3 million members in 208 countries.

Members volunteer their time for humanitarian and community causes.

The college encourages students to complete voluntary work to boost their applications or employment and university and to develop important skills that will aid them in later life.

One way is by joining the college's Team Gambia project, which sees students raising money for an impoverished school in The Gambia and then volunteering in the school for a week.

Other ventures include The Big Sleep Out which involves students sleeping outside on campus under cardboard and plastic sheeting to raise money for St Basil's homeless charity.

The college also rewards students for volunteering and work experience via the Career Passport which leads to Bronze, Silver and Gold awards.

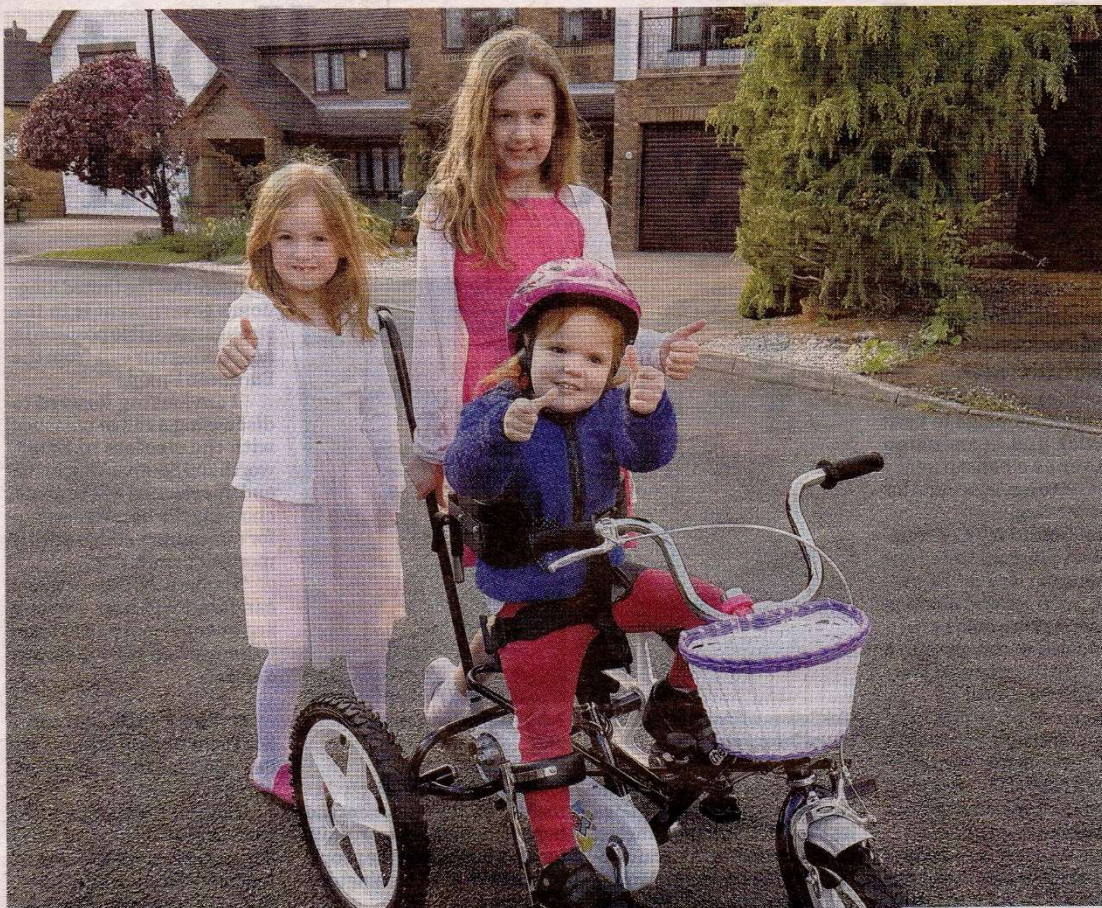

This scheme encourages students to develop the skills that employers and looking for by way of work experience, internships and voluntary work, which the scheme classifies as Professional Development Activities.

College assistant principal Mike Padbury said: "Well done to Fareed, Lauren and Mohsin on their achievement of completing 100 hours of volunteer work.

"We thank Shirley Lions for recognising the students' achievements as they have done and hope this will encourage more students to participate in the future."

Fareed Mohammed, Lauren Hodges-Edwards and Mohsin Shabir receive their Gold Awards for voluntary service. (s)

Anya with her sisters Erin (left) and Ciara.

Community unites to fund Anya's dream

By **SAM JACKSON**
sam.jackson1@jpress.co.uk
@leamcourier

A four-year-old Kenilworth girl who struggles with her mobility is 'very happy' after being donated a specialist trike to give her more independence.

Anya O'Callaghan received the £1,500 Theraplay tricycle after Kenilworth Lions and Kenilworth Round Table agreed to match each other's donations towards its cost.

Anya is registered disabled, and cannot walk without the assistance of a walking frame.

But thanks to her new trike, she is now able to go outdoors much more with her parents Julie and John, as well as her two older sisters, Ciara, 10, and Erin, six.

Anya can either ride the trike independently, be pushed along or can attach the trike to her parents' bikes and be towed along.

Mum Julie said Anya has adapted to her new trike very quickly, and often bangs on the garage door at her home in Bullimore Grove in excitement when she wants to use it.

Julie added: "She uses the trike every single day - it's so good for her muscles and she absolutely adores it. She's a very happy child at the moment."

"Being outdoors and doing the same as her sisters

has definitely improved her outlook on everything."

After hearing of another family the Lions supported through donations, Julie applied to the organisation for funding.

Her application was accepted, and the Lions contacted the Round Table to see if they would match their funding.

They agreed, meaning the family only had to pay for a third of the trike's cost.

Julie said the timing of the donation from the Lions and Round Table was 'brilliant' as it was getting harder for the family to take her out as Anya

grew older.

She said: "We were getting to the point where she couldn't go on the back of our bikes any more because she's too heavy. Someone always had to stay behind to look after her."

The trike is adjustable, so Anya will still be able to use it for at least three more years as she grows.

And Julie said she may trade in the trike for a bigger one Anya after that time if Anya still needs one.

This would also allow the old trike to be used for the benefit of another child.

Julie also thanked the generosity of Kenilworth Lions and Round Table to help pay for the trike, after admitting she was 'astonished' by its cost.

She said: "It's incredibly generous and we're so grateful for that."

GIVING ANYA A NEW LEASE OF LIFE

■ Community funds help buy four-year-old girl a specialist trike that helps her overcome her mobility problems

By SAM JACKSON
sam.jackson@jpress.co.uk
facebook.com/kenilworthweeklynews

Kenilworth girl Anya O'Callaghan is all smiles after being donated a specialist trike to help with her mobility problems.

Her family were donated two-thirds of the trike's £1,500 cost by voluntary organisations Kenilworth Lions and Kenilworth Round Table.

Anya's mother Julie said she 'absolutely adores' the trike and it has allowed her to spend more time outdoors.

TURN TO PAGE 3

Lions gifts to wards a roaring success

A pride of lions has been donated to the children's wards at Northampton General Hospital thanks to the generosity of the Northampton Lions Club.

The club has donated 300 toy lions as part of the international organisation's centenary year celebrations.

Club members of Northampton Lions chose to donate 300 Leroy the Lions so that children receiving treatment would have a small cuddly toy who can become their friend in a time of need.

Young patients will be allowed to keep their lion and to take him home after their visit to hospital, to with them to help with their recovery.

Now the club has plans to continue to raise funds to provide more of the toys to help even more boys and girls when they are at their most frightened and unsure.

Northampton Lions Club members delivered 300 cuddly lions which will be given to NGH's young patients

Northampton Lions is one of the 46,000 clubs in over 200 countries and geographic areas worldwide that constitute Lions Clubs International (LCI), making it the world's largest service club organisation with 1.35 million mem-

bers.

Established in 1917, the LCI has challenged each club to mark their centenary year by coming up with a project to help their local community.

Northampton Lions Club's recent work includes distrib-

uting food parcels to older people in need and providing resources for local homeless support group The Hope Centre. To find out more about Northampton Lions, visit www.e-clubhouse.org/sites/northamptonuk

Listers marketing manager Seb Morgan-Giles, Head of Listers business Karl Solis, Lions president Richard Buckley and children Jenson Ayres, and Kyle and Cassey Lewis get ready to take on the Knowle Fun Run. 16.017.004.sol.jm1

RUNNERS are being called upon to pull on their running shoes and take part in the revamped Knowle Fun Run on May 21.

After 33 years the organisers, Knowle and Dorridge Lions, have bowed to pres-

sure from runners and modernised the former five-mile run route, giving all ages the choice of running one 5km lap or two laps totaling 10km around Knowle.

Organiser Lion Bob Thurtle, said: Plans for the day are coming together well.

"Finding new sponsors each year is not easy and we are indebted to Listers Jaguar and Land Rover for stepping up to sponsor the KIDS runs.

"We hope that mums and dads from all over Solihull will enter their five-to-nine-year-olds for our successful four runs for children in school years 1 through 4.

"Every entrant is a winner as all the kids receive a free royal blue T-shirt on the day, as well as certificates of achievement, water bottle and chocolate bar as they finish."

This year's Knowle Fun Run will raise funds for Lions nominated charities - Prostate Cancer UK, Motor Neurone Disease Association, Birmingham St Mary's Hospice and local causes.

As every year the Lions are looking for non-runners to help as marshals or even to join our club to ensure the future success of the event.

Call Lion President Richard Buckley a call on 08458 335894 or email 2017@knowlefunrun.org.uk today.

Carnival fun set to return

SHIRLEY Carnival is back - hoping to be 'bigger and better' than ever before - with a old time theme for this year's calendar highlight.

The annual Shirley Lions-organised event will be descending on Shirley Park on Saturday, July 9.

The Lions are appealing for businesses across the borough to lend them a helping hand with sponsorship to make the town's annual carnival bigger and better than ever.

Carnival Chairman, Jeremy Lees said: "Shirley Lions have been organising Shirley Carnival for over 35 years and unfortunately the costs incurred in staging the event get greater and greater each year.

"Without the help of local businesses we simply could not run the event."

"There are several opportunities to promote your business through the Carnival, such as an advert in the programme, sponsoring the stalls or sponsoring one of the arena events booked to appear on the big day."

Jeremy also announced that this year the Carnival would have

Morris Dancers are set to entertain the crowds. (s)

an old time traditional theme with a Brass Band, Morris Dancers and sheepdogs herding ducks rather than sheep.

The Lions are also now accepting applications for stall holders, anyone who wants to promote

a charity or business or have a stall.

For more on how to become a sponsor or to book a Carnival stall, contact Lion Jeremy on 0845 833 9547 or visit www.shirleylions.co.uk

Lions roar²¹ back with 140-mile cycle ride

Express & Star Thursday, April 27, 2017

Two Midlands members of a national organisation cycled from Blackpool to Birmingham in aid of charity.

Simon Moss and Japp De Jonge from Birmingham arrived in the city on Monday.

They attended the annual convention of Lions Clubs of England Scotland, Wales and Ireland which was held in the seaside town on Saturday – and cycled back.

Their journey was more than 140 miles which raised funds for charity Hearing Dogs for the Deaf.

Simon is president of Marston Green Lions Club and Jaap is president of Shirley Lions Club.

Trevor Jones, President of Wolverhampton Lions Club said: "We are very proud of these fellow Lions for undertaking this arduous bike ride event to help raise funds for such a worthy cause as part of the Lions centennial challenge, another group of Lions also run the London Marathon to raise funds for Lions charities, we congratulate them all."
